Class Description:

DOK methods will be used to teach children game songs for singing and playing of the games that go with the songs, mostly outside on the backyard grass. However, if weather is poor we will use inside activities as well as Orff instruments to create song games, storytelling, and movement, collaborating together in a cooperative manner. If anyone is uncooperative, they will be given a time out until they are able to rejoin the group cooperatively. Parent will be notified of any problem issues. The goal is to have fun with music, singing, music games, and instruments and learn listening skills, small and large motor skills, rhythm coordination, singing on pitch, and using Orff instruments to enhance the process.

Parent Agreement:

Student will be dropped off at 10 am and picked up at 11:30 am on time. Students are committed for the entire 5 days unless contagiously ill. There are no refunds as someone else was denied so you can have a space. Class is limited to 10 students K-3rd grade. This class will be outside unless the weather prohibits, then we will be inside.
