I _____ parent of _____

Understand that this is a commitment and there are no refunds. The Choir Camp is for start up purposes to kick start readiness for rehearsals starting in September 2021. The commitment is for the school year Sept-May 2021 to include a concert at holiday season and in spring. Drop off and pick up at location must be on time, not late. Students are expected to be at every rehearsal and concert unless contagious illness, in which case they are responsible to learn their music at home using the resources provided. Quitting should only be for extended illness or unexpected relocation. I release Donna Henry and any chorus staff or premises from any and all liability and incident of injury that may occur while my child is at a chorus activity. I will stay up to date on all announcements and volunteer help if I can to support the chorus. I have read the about statement with details and understand that most rehearsals and chorus activities will be held in Hardin Valley this year.
